| | | M Code: 76158 | 04.000 | | | | |
| | | Date of Examination: 03- | | | | | |
| Tin | ne: 3 Hrs. | | Max. Marks: 60 | | | | |
| 1NS 1. 2. 3. | . SECTIONS-B consists of FOUR Sub-sections: Units-I, II, III & IV. Student have to attempt any ONE question from each Sub-section carrying EIGHT marks each. | | | | | | |
| | | SECTION-A | | | | | |
| 1. | Discuss the concepts (Br | iefly): | | | | | |
| | a) Cash flow | | | | | | |
| | b) Cost benefit ratio | | | | | | |
| | c) Debt | | | | | | |
| | d) Discounted Pay back | period | | | | | |
| | e) NBFC | | | | | | |
| | f) Commodity exchange | es | | | | | |
| | g) Convertible bonds | | | | | | |
| | h) Derivatives | | | | | | |

SECTION-B UNIT-I

- 2. Discuss types of cash flows and methods for measuring their future value.
- 3. What are the most common methods for valuation of equity and debt?

M-76158 S-1410

UNIT-II

- 4. Write notes:
 - a) Net Income approach
 - b) Arbitrage
- 5. Compare and contrast IRR and NPV from capital budgeting standpoint.

UNIT-III

- 6. Discuss various approaches for managing and financing working capital in India.
- 7. Write notes on:
 - a) Dynamic view of working capital
 - b) Irrelevance of dividends in present times

UNIT-IV

- 8. Money market and capital markets can create good sources of finance for a company but they are meant for entirely different situations. Discuss.
- 9. Elaborate the financial sector reforms in 21st century in India

SECTION-C

10. Doll shop manufactures wooden parts for doll houses. The worker paid \$8.10 an hour and, using a handsaw, can produce a year's required production 1,600 parts in just eight 40-hour week. That is, the worker averages five parts per hour when working by hand. The shop is considering purchasing of a power band saw with associated fixtures, to improve the productivity of this operation. Three models of power saw could be purchased. The major operating difference between these models is their speed operation. The investment costs including the required fixtures and other operating characteristics are summarized as follows:

| Category | By Hand | Model A | Model B | Model C |
|-------------------------------|---------|---------|---------|---------|
| Production rate parts/hour | 5 | 10 | 15 | 20 |
| Labor hours required hrs/year | 320 | 160 | 107 | 80 |
| Annual labor cost \$ | 2592 | 1296 | 867 | 648 |
| Annual power cot \$ | | 400 | 420 | 480 |
| Initial Investment | | 4000 | 6000 | 7000 |
| Salvage/terminal value | | 400 | 600 | 700 |
| Service life years | | 20 | 20 | 20 |

Assume Minimum Acceptable Rate of Return (MARR) = 10%. Are these enough savings to purchase any of the power band saws? Which model is the most economical?

NOTE: Disclosure of Identity by writing Mobile No. or Marking of passing request on any paper of Answer Sheet will lead to UMC against the Student.
