It is believed that increase in Foreign Direct Investment (F.D.I.) is optimistic move for the future of Indian Life Insurance Sector, since this sector need huge amount of capital investment which can be done effectively only through increase in FDI and it enhances overall performance of insurance sector. Innovative insurance product and services, better use of technology, increase in employment and competition etc. are by-product of increase in F.D.I in insurance Sector. Government of India through Insurance Regulatory and Development Authority of India (I.R.D.A.I.) and Reserve Bank of India (R.B.I.) need to keep regular check on the outflow of Indian currency. India is growing economy and many consider it an attractive country for investment in mainly to its fast growing and changing insurance market. Indian insurance industry is still less penetrated and has huge growth potential. Foreign Direct Investment (F.D.I.) plays significant role in the economic development of the country.

Answer the following questions:

- a. What is the central theme of the case study?
- b. Why the Indian insurance sector needs FDI?
